A qualified energy advisor has examined your home, taking into account its specific characteristics. The report you will receive reflects the advisor's best judgment, given the information and time at their disposal.

You, as the owner, hereby consent to the transmission of any information contained in this report (including photos) to the Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs (MELCCFP) and to Groupe Marketing International inc. (GMI) and can be forwarded to Hydro-Québec, Energir, Gazifère, Canada Mortgage and Housing Corporation (CMHC) and Natural Resources Canada (NRCan). These organizations are partners in the MELCCFP's Rénoclimat program. NRCan, through the Bureau de la transition climatique et énergétique (BTCE), contributes to the Rénoclimat program, notably by providing the HOT2000 software. HOT2000 is the data modelling software used to analyze the energy data generated by the program's evaluations. Furthermore, you authorize NRCan, through the BTCE, to transmit all data (including nominative data) generated by this software within the framework of the program to the MELCCFP so that it can ensure program monitoring and evaluation, for its statistical analysis needs and for quality assurance purposes.

I authorize the collection, use and disclosure of personal information resulting from the data entered on this form, by Legault-Dubois Inc., as part of the mandate entrusted to it by the Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs (MELCCFP).

This data will be transferred securely. Security measures have been implemented by Legault-Dubois Inc. and the MELCCFP to guarantee the protection of personal information collected, used, disclosed, retained or destroyed in connection with this form, and which are reasonable in light of, among other things, the sensitivity of the information, the purpose for which it is to be used, its quantity, distribution and medium.

If you object to this transfer of information, please notify the MELCCFP in writing at the following address: Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs, Bureau de la transition climatique et énergétique, 1300 Rue du Blizzard, suite 200, Québec (Québec) G2K 0G9.

If you refuse, your participation in the program is terminated and you may be charged for your evaluation. For quality assurance purposes, the MELCCFP or one of its representatives may contact you by telephone in order, among other things, to assess your satisfaction and improve service.

The purpose of this energy evaluation is to report on your home's energy performance; it is not intended to replace a complete building inspection or assessment. The MELCCFP and its partners described above, as well as Legault-Dubois Inc., offer no guarantee, express or implied, as to the energy consumption data, projected costs or benefits associated with the energy efficiency recommendations contained in this report. Actual energy consumption and related costs depend on a number of factors beyond the control of NRCan and the MELCCFP. Please note that advisors are not experts in mechanical systems, so they do not have the expertise to confirm whether the installation of new equipment, such as heating, air conditioning and ventilation systems, is compliant or not.

The MELCCFP encourages customers to use qualified personnel to carry out energy improvement work and invites them to consult established professional associations for lists of contacts. Neither the MELCCFP nor the advisor are in a position to recommend the services of any particular contractor or any particular product, and accepts no responsibility for the selection of materials, products or contractors, or for the quality of the work.

You have the right to access and rectify information provided to the MELCCFP at any time.

#### Statement:

- I authorize the MELCCFP to contact me at the coordinates stated in this form with respect to the statements made herein;
- I declare that all the information provided in this form, all accompanying documents and all appendices are complete and accurate;
- I confirm that I am the homeowner or authorized representative;
- I understand that I am fully responsible for verifying that my home meets the Rénoclimat program's eligibility criteria;
- I understand that financial assistance will be issued in the name of the owner or legal entity where applicable.
